FEATURES INCLUDE:

LifeLock Identity Alert™ System[†]

It's the foundation for all LifeLock services. We monitor for fraudulent use of your Social Security number, name, address, or date of birth in applications for credit and services. The patented system sends alerts by text, phone^{††}, email or mobile app.

Dark Web Monitoring

Identity thieves can sell your personal information on hard-to-find dark web sites and forums. LifeLock patrols the dark web and notifies you if we find your information.

LifeLock Privacy Monitor™

Privacy Monitor helps reduce public exposure of your personal information. We scan common public people-search websites to find your personal information and help you opt-out.

USPS Address Change Verification

Identity thieves try to divert mail to get important financial information. LifeLock lets you know of change in address requests at the U.S. Postal Service linked to your identity.

Reduced Pre-Approved Credit Card Offers

Pre-approved credit card offers can provide important information to identity thieves. LifeLock will request your name be removed from many pre-approved credit card mailing lists.

Lost Wallet Protection

A lost wallet can mean a lost identity. Call us if your wallet is lost or stolen and we'll help cancel or replace credit cards, driver's licenses, Social Security cards, insurance cards and more.

\$1M Million Dollar Protection™ Package^{†††}

This includes reimbursement for stolen funds and coverage for personal expenses each with limits of up to \$1 million and coverage for lawyers and experts if needed up to \$1 million, to help resolve your case.
